If your product.liquid is mostly empty like this, then look for something like this

This tells us where to look:
section- is the name of the folder the file is in
Product-template- is the name of the file that contains the rest of the product code

form

Inside the product-template file, press ctrl + F to search for form

If you see this instead of the <form> tag, then your form is inside of another file. This file will be located in the Snippets folder

https://nine5-2.myshopify.com/admin/themes/9987457058?key=templates%2Fpage.liquid

Search for the submit button

The <form> will be the only thing inside this file

Locate your submit button to add you're the app snippet
